RDS has really come through for us during this pandemic. I work for a large non-profit organization that has been conducting food pantry pop ups serving over 1,500 in a one day pop up. Needless to say there is a lot involved in making this happen from packing bags to moving the packed bags to distribution, to even going upstate for produce pick ups from our farmers. Larry Zogbys been a total gem in helping us with moving of these bags and juice, picking up produce and when he couldn't accommodate some of our requests, he was able to quickly connect us with a company that could! His team is fabulous and gets the job done quickly and efficiently! Larry even takes the time out of his busy schedule to check in on us and how we are doing and what can he do to help!! RDS has been a blessing to us!!

RDS picked up our boxes and delivered them safely and timely to their destination! Driver was very courteous and professional. I loved that I received an email once it was delivered so I didn't have to keep checking on the status. Highly recommend RDS.
